Rewarding Sponsorship

CATEGORY SPONSORSHIP – as always you can sponsor an individual category for the same great value as previous years but with some added extras as we continue to reward your loyalty and support by providing the very best value in category sponsorship.

JUDGING – if you sponsor an Award you are invited to also become a judge for another Award category. As the first judges meeting is in July you will need to have your sponsorship booked by early June to be sure of your place. The Benefits of being a Sponsor

You will know from previous years, that all of our categories are always sponsored. They sell out fast and we are proud of the fact our sponsors come back year after year.

A fantastic event, celebrating the best of the industry along with quality networking and prestigious awards.

We must allocate them on a first come first served basis, so identify the one that is best fit for you and let us know as soon as possible so that we can reserve it for you.

In recognition of the diversity and range of organisations involved in the Irish Internet sector, we are offering a range of sponsorship options. These are customisable to suit any requirements (and budgets).
